

Looking Ahead

Telecom Network Engineer

Premier Communications is looking for a senior telecom network engineer. This person will perform a wide variety of activities associated with physically installing, configuring, maintaining, and supporting telecommunications and related services.

Individual should have Intermediate to advanced knowledge of access networks, packet-optical transport systems, data communication protocols, Ethernet, and IP networks and familiarity with TDM, SONET, and DWDM. Experience with Calix and Ciena (formerly Cyan) Z-series equipment and EMS is preferred. Familiarity with digital cable TV headends, CMTS, or ISP-related software (email, DHCP, etc.) is a plus.

Candidate should have strong communication skills (both written and oral) with the ability to adapt communication to the audience. Person will be expected to work with equipment vendors and external consultants and their technical support staff.

Premier Communications, with headquarters in Sioux Center, Iowa, offers a comprehensive wage and benefit package that includes health and dental insurance, 401(k) retirement plan, along with paid time off for vacations and holidays.
