

# NEXT GEN SCHOLARS PROGRAM

Iowa Communications Alliance and the Des Moines Area Community College have a great partnership to help you on your way to that career - the Next Gen Scholars Program. This program is available to students planning to pursue the Certificate of Specialization in Network Technology – Telecommunications. This is a 2-semester program.

After students are selected for the program, the Iowa Communications Alliance, a sponsoring ICA telecommunications company, DMACC, and the student split the tuition costs for the program.

In addition to the financial assistance, the student may also receive mentoring or internship opportunities, along with the potential to be interviewed and hired by the sponsoring telecommunications company upon graduation.

FIBER OPTICS.  
INTERNET.  
COMMUNICATIONS.  
NETWORKS.  
TECHNOLOGY.

Do you find these things interesting?  
Do you wonder how it all works?  
Are you interested in learning  
how to design and build modern  
communications networks? If so, then  
a career in Telecommunications could  
be a good fit for you.

For more information about the Next Gen Scholar Program, visit [www.iacommunicationsall.org/ica-scholarship-programs](http://www.iacommunicationsall.org/ica-scholarship-programs) or contact ICA at 515-867-2091 or [melissa@iacommunicationsall.com](mailto:melissa@iacommunicationsall.com).
